

ValuesFit

How do you react in the following case study to bring our values to life? First

CASE STUDY SERVICE LINE TAX CONSULTING: GRADUATES (F/M/D)

You receive an inquiry from a German client active in plant construction. They would like to expand their business activities to Eastern Europe and would like to know which tax risks have to be considered and which possibilities are available for implementing the expansion. How do you proceed methodically in order to provide the client with all the necessary information?
